At all times the aisles and exit doors must remain clear.  
The House Manager and Tech Director must have a schedule of load-in and load-out times and show times for efficient operation of the theatre.  
All equipment spaces etc. are leased in "as is" condition.

### **Fees:**

There may be a labor fee involved through the Technical Director for load-in, load-out, show extra equipment needed such as sound set-up, tables, lights, consumables such as batteries, gaffing tape, vinyl tape, etc.  
The user of the theatre may bring in outside equipment or vendors to work on a production only with the prior approval of the Technical Director. This is to insure that all safety issues are addressed and no damage occurs to the facility.

### **Other:**

There is a lumber yard across the street for any miscellaneous hardware needs.
